# INTRODUCTION

Hello and welcome! My name is Jeremy Solomon and I am the founder of TrouperSphere, a theatre company that specialises in drama sessions for children. I am excited to introduce our programs and services to your school.

At TrouperSphere, we believe that drama and performance arts can have a transformative impact on students' lives. Our programs are designed to promote creativity, confidence, and collaboration among students, while also teaching valuable skills such as communication, leadership, and critical thinking.

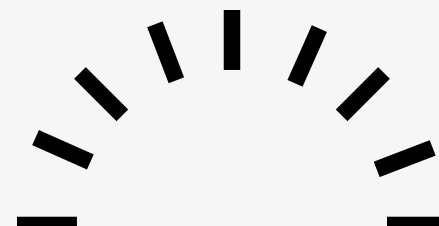

We offer a range of programs and services that can be tailored to meet the specific needs and goals of your school. Our programs include drama training, filmmaking and photography training, podcasting, Model United Nations training, and leadership training. In addition, we also offer team-building activities for teachers to help build stronger relationships and collaboration among staff.

We are passionate about working with schools to create engaging and rewarding programs that inspire students and promote learning. We would love to work with your school to bring our expertise and experience to your students. Thank you for your time, and we look forward to hearing from you soon!

TrouperSphere

# DRAMA TRAINING

At TrouperSphere, we offer drama training programs that culminate in a final performance. Our drama sessions are designed to be fun and engaging while also teaching valuable skills such as creativity, confidence, and communication.

During our drama sessions, students will learn the fundamentals of acting and stagecraft, including script analysis, character development, movement, and vocal techniques. They will work collaboratively with their peers to create a performance that showcases their newfound skills and creativity.

Our drama training programs are suitable for students of all ages and experience levels. We can work with your school to design a program that meets your specific goals and requirements, whether it's a short-term program that lasts a few weeks or a long-term program that spans an entire school year.

At TrouperSphere, we believe that drama is an excellent way to foster creativity, build confidence, and develop important life skills that students can use both in and out of the classroom.

# FILMMAKING TRAINING

In addition to our drama training programs, we also offer filmmaking and photography training for students. Our programs are designed to teach students the basics of filmmaking and photography, from planning and scripting to filming and editing.

During our filmmaking and photography sessions, students will learn how to develop and execute creative concepts, work with cameras and lighting, and edit their footage to create a short film or photo series. Our programs are suitable for students of all levels of experience, and we can adapt the curriculum to suit the specific needs and goals of your school.

At TrouperSphere, we believe that filmmaking and photography are important skills for students to learn in today's media-rich world. By teaching these skills, we hope to empower students to become confident and creative storytellers, while also developing valuable technical and artistic skills that will serve them well in the future.

# PODCASTING FOR KIDS

In the age of digital media, podcasting has become a popular way for people to share their thoughts, stories, and ideas with a global audience. Our Podcasting program is designed to introduce students to the world of podcasting and to teach them the skills and techniques they need to create their own podcasts.

During the program, students will learn about different podcast formats, scripting and storyboarding, recording and editing techniques, and distribution and promotion strategies. They will work collaboratively in small groups to develop and produce their own podcasts on topics of their choosing, with the guidance and support of our experienced instructors.

Podcasting is a great way for students to develop their communication and critical thinking skills, and to express their creativity and originality in a fun and engaging way. It also provides an opportunity for students to showcase their work to a wider audience, and to develop a sense of pride and accomplishment in their achievements. At TroupeSphere, we are passionate about empowering young people with the skills and confidence they need to succeed in the 21st century.

# MODEL UNITED NATIONS TRAINING

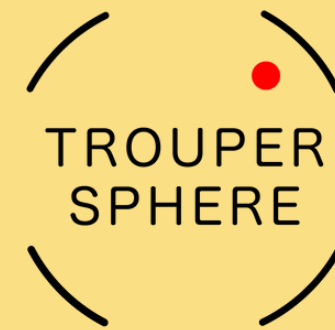

At TrouperSphere, we offer Model United Nations (MUN) training programs for students who are interested in learning more about international relations, diplomacy, and global issues. Our MUN programs are designed to provide students with an authentic simulation of the United Nations, where they can learn to debate, negotiate, and collaborate with their peers.

During our MUN sessions, students will learn how to research and develop positions on global issues, prepare and deliver speeches, and participate in mock debates and negotiations. Our programs are suitable for students of all ages and experience levels, and we can customise the program to suit your school's goals and needs.

At TrouperSphere, we believe that MUN is an excellent way to build important skills such as critical thinking, public speaking, and research. Our MUN programs are designed to challenge students to think critically and creatively about global issues, while also developing their ability to work collaboratively with others.

# EVENTS | WORKSHOPS

In our Interactive Storytelling sessions, young minds embark on extraordinary journeys, becoming protagonists in fantastical tales. They exercise their critical thinking and decision-making skills as they shape the direction of the plot, enriching their cognitive growth and imaginative horizons.

Through our lively Drama Games, students unlock their inner performers, unleashing their creativity and building self-confidence. These engaging activities promote camaraderie among peers, fostering a positive and inclusive environment where students thrive.

Led by experienced actors, our Theatre Workshops offer invaluable insights into the world of acting. Participants delve into character development, improvisation techniques, and stage presence, unearthing hidden talents and passions.

Join TroupeSphere for a transformative experience filled with unforgettable memories. Embrace the magic of the performing arts, empowering your students to explore their full potential and embark on a journey of imagination and self-discovery.

# SCHOOL LEADERSHIP PROGRAM

At TrouperSphere, we understand the importance of having an effective student council in every school. That's why we offer Leadership Training to help student leaders become more efficient and effective in their roles.

Our program is designed to provide student council members with the skills and knowledge they need to lead their peers, organise successful events and fundraisers, and make a positive impact in their school community. Our experienced instructors will work with student leaders to develop their communication, decision-making, and event-planning skills, as well as their ability to work collaboratively as a team.

By partnering with TrouperSphere, your school's student council will have access to a range of resources and support to help them achieve their goals and make a positive impact in your school community. We will work closely with your student council to develop a personalised training program that meets their unique needs and challenges

# TEACHER TEAM BUILDING

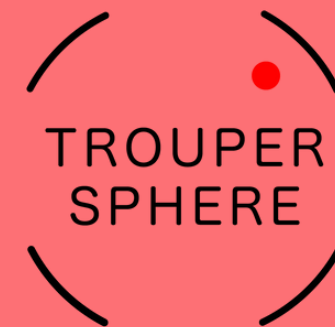

At Troupersphere, we also offer team-building activities for teachers that are designed to foster collaboration, communication, and a positive working environment. Our team-building activities are customised to meet the specific needs and goals of your school's teaching staff and can be tailored to suit any group size, location, or time frame.

During our team-building activities, teachers will engage in a range of fun and challenging activities that promote teamwork, problem-solving, and effective communication. Our activities are designed to create a positive and supportive working environment and to help teachers develop stronger relationships with their colleagues.

At Troupersphere, we understand the importance of a positive and collaborative working environment for teachers and the impact it can have on student learning outcomes. Our team-building activities are designed to foster a culture of collaboration and mutual support among teaching staff, which can translate into improved student achievement and well-being.

# PRICING AND LOGISTICS

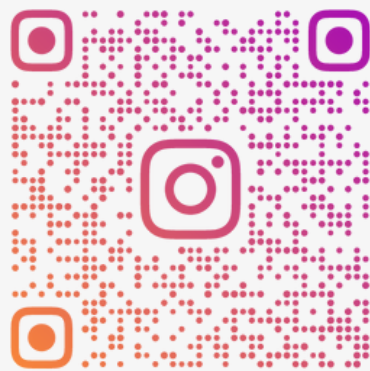

At Troupersphere, we offer competitive pricing for our enrichment programs and can work with your school to customise a program that meets your specific needs and budget. Our pricing is based on several factors, including the length and scope of the program, the number of students involved, and any additional materials or resources required.

To ensure the smooth and successful delivery of our programs, we require certain logistical arrangements to be made. These arrangements include a suitable performance space or classroom for the program, access to any necessary equipment or resources, and a designated point of contact at the school to facilitate communication and coordination.

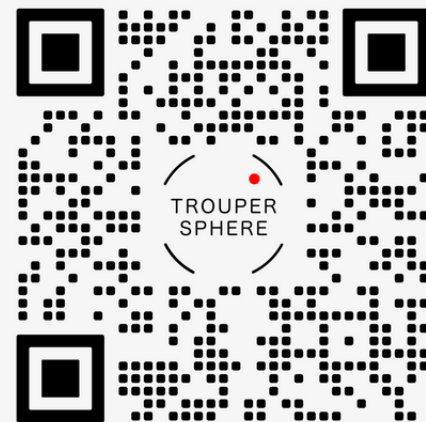

We also require a minimum number of students to enrol in each program to ensure the quality and effectiveness of the training. The minimum number varies depending on the program and can be discussed during the consultation and planning stage.

At Troupersphere, we take great pride in delivering high-quality, engaging, and memorable enrichment programs to students and teachers. We are committed to working closely with your school to ensure that our programs meet your specific goals and needs, and we look forward to discussing the pricing and logistics of our programs with you further.
